Dear [Redacted]

STAT

Reference is made to your letter of April 1, 1958 regarding the possibility of this Office making a survey and monumenting the Central Intelligence Agency property at Langley, Virginia.

This has been discussed between [Redacted] of your office and Mr. Weeden of this Office. As this property adjoins the George Washington Memorial Parkway where we have our survey control in at present it will be possible for us to extend our control so as to do this work for you. The estimated cost of \$2,500.00 which you quoted is correct. You are also correct on the time necessary to complete this work.

If you wish for us to go ahead with this work we will be glad to start as soon as possible and work it in with our other work.

The sketch accompanying your letter has been assigned our file number NCP 117.1-395.

Sincerely yours,

Superintendent
